CONGRESSIONAL RECORD VOTE CORRECTIONS

The following corrections in official reports of the outcome of roll-call votes during the first session of the 92nd Congress have been listed in the *Congressional Record*.

The lists are subdivided into "Vote Corrections" and "Stand or Announcement Changes." The former involve adjustment of the "Yeas" and "Nays" in the breakdown on Congressional Quarterly roll-call charts; the latter do not affect the breakdown.

The *Congressional Record* roll-call corrections listed below were inserted in the *Record* too late for CQ to include on current Weekly Report vote charts; Weekly Report pages where these

votes may be found are indicated so that you may bring your Weekly Report file into conformity with the *Record*.

Symbols used in these vote corrections:

Y—Yea	AN—Announced Against
N—Nay	PY—Paired For
A—Absent	PN—Paired Against
	AY—Announced For

In correcting CQ vote charts, see key on chart for appropriate symbols.
